

Did you know that...

LAZIZAL® Rich Advanced Face Lifting Cream 50 ml

- 1** The naturalness index of the face cream is as high as **97.2 %**. The cream contains a range of natural ingredients that are gentle on the skin of the face compared to synthetic ingredients, which means that the **product is well tolerated even by sensitive skin, as confirmed by dermatological studies.**
- 2** This rich face cream contains a combination of as many as **8 active ingredients: sweet almond oil, urea, cocoa butter, grape seed oil, Munapsys peptide, Sirtalice, hyaluronic acid and vitamin E.** All these ingredients make up a comprehensive formula that **moisturises, reduces the visibility of wrinkles and has a lifting effect.**
- 3** The formula is enriched with such ingredients as:
 - **sweet almond oil**, which contains oleic acid, linoleic acid and vitamins: A, B1, B2, B6, D and E; intended for dry, sensitive and mature skin; it improves **skin elasticity, has a moisturising and nourishing effect;**
 - **urea ensures deep hydration of the epidermis** (it is one of the most important components of the NMF natural moisturising factor); **it has strong hygroscopic, softening and smoothing properties, as well as is responsible for retaining moisture in the skin;**
 - **cocoa butter moisturises and regenerates the skin.**
- 4** Instrumental tests performed in an independent laboratory* confirmed that LAZIZAL® Rich Advanced Face Lifting Cream 50 ml applied regularly for 4 weeks:
 - **improves skin hydration, firmness and elasticity;**
 - **smooths the skin, reduces wrinkles around the mouth;**
 - **reduces the visibility of wrinkles;**
 - **helps to prevent the formation of new wrinkles;**
 - **helps to improve facial contour;**
 - **has a lifting effect on the face and the area around the eyes;**
 - **makes the skin extremely smooth and supple within 30 minutes of application.**
- 5** The new glass packaging is convenient to use and, above all, hygienic. **The application spatula and the aluminium seal guarantee safety and hygiene without interfering with the product itself.**
- 6** LAZIZAL® Rich Advanced Face Lifting cream and serum are designed for comprehensive facial care. **The products have a complementary action.** The serum should be used as a „skin cocktail“ before a „big night out“. On the other hand, LAZIZAL® Rich Advanced Face Lifting Cream 50 ml should be used on a daily basis. **Both products ensure deep hydration of the skin, which is particularly important for mature and dry skin.**

* Instrumental test results by GBA POLSKA Laboratory.
